Profile

As an adaptable individual with a passion for improving the future with technology and design, I thrive in dynamic environments. With experience working in both international and startup settings, I am committed to continuously developing my skills and contributing to inspiring teams.

Education

MSc Human Computer Interaction

Aalto University | 2023-

BSc Information Technology

Aalto University | 2020-2023

Matriculation Examination

Class of science and technology
Lauttasaari High School | 2016 - 2019

The English School of Helsinki Primary - Upper Secondary School

Skills

Microsoft 365 tools,
Wordpress, Solid Works,
Ultimaker Cura, Integromat

Programming experience
during BSc studies:

Python, C, Matlab, Html, CSS,
Javascript

Mac Os, Windows, Linux

Experience

Junior IT Engineer

Swappie | internship 2021
summer

My responsibilities included developing software integrations to automate monotonous tasks, managing the company's IT assets, providing on-site and remote IT support, administering employee accounts, and enhancing Swappie's endpoints and workstations.

Phone Repair Technician

Swappie | 2021 - 2022

As an early-stage startup team member, I gained valuable experience inspecting and repairing the latest iPhone models, while witnessing the company undergo substantial growth. The fast-paced environment honed my skills on adaptivity and endurance.

Stream Studio/Tech Representative

Junction | sep 2021 - dec 2021

Handling live streaming with
industry professionals

Sustainability team lead

Junction | sep 2020 - dec 2020

Planning sustainable methods to
organize the event. Pivoting mid-
process due to pandemic

Surf Club Hanko | Summer 2018

Customer Service Representative/Chef

Gold and Green Foods | Summer
2017

Other

Team Spirit

During my life i've been involved
in various team activities.

I played ice hockey competitively
for 11 years and even won an
international championship in
Canada.

Alongside, I have been
skateboarding with my friends
for my whole life. Recently I have
also picked up Snowboarding
and Surfing.

Social activities are vital for me.
I am a team player.

Creativity

I have learned guitar and music
theory from the internet and
played music to crowds.

On the contrary, I'm very
interested in 3D
modeling and have conducted
various projects
regarding to my interests.
